Alternative Accommodation

Aberystwyth is literally teeming with hotels and B&B's. The following list has been pulled together as a starter for ten rather than a definitive guide. Also not many have been visited so you need to read the reviews and carry out the checks you would usually do before booking. I have added in approximate distances from Rally HQ as a guide.

Please note a lot of hotels in Aberystwyth only have small car parks, some none at all. Please check this before you book particularly if you bring a trailer.
